Fri 08:30 - 16:30

#### Security tips

- Turn on Windows Firewall and ensure that it is correctly configured to block access to unused ports
- Install an anti-virus solution. NTC Global recommends NOD32, the only AV product with a 100% [Virus Bulletin](#) record over the last 5 years
- Don't open any email attachments from people you do not know
- Schedule a weekly virus scan on your PC
- Beware of "Phishing" scams that try to get your username or password by purporting to be a mail from your bank or other institution
- Don't do any internet banking at public internet terminals
- Never install free programs from the internet unless you are certain of the vendor's credentials

#### Out now/Coming soon

- Vista Service Pack 1 released – we strongly recommend all Vista users install it NOW
- Office 2007 Service Pack 1 released – we strongly recommend all Office 2007 users install it NOW!
- NOD32 Version 3.0 Enterprise anti-virus solution out NOW!
